---

Have you broken into a Ford lately? The 2011 Ford Sync includes unique features that might initially make some Fords and Lincolns attractive to thieves.

1. [ford mondeo sd card slot](#)

It may also have you underestimating the true cost of Ford's SD Card Premium Navigation.. It's all because Ford now bases its newest navigation system on an easily removed SD Card that lets you choose to add factory navigation at any time, so long as your car has a built-in color LCD display, called MyFord Touch.
